#SYTSC2022

WE HAVE A NEW NAME - SYT NETWORK TO MATCH OUR NEW BIGGER THAN EVER SHOW & CONFERENCE!

Welcome to the Superyacht Technology Show & Conference, now in its second year and bigger than ever – SYTC 2022: World Trade Centre Barcelona.

We will now be hosting the second Superyacht Technology Show & Conference at THE WORLD TRADE CENTRE BARCELONA, just minutes' walk from MB92. The SYTC will include the conference area and stage, we will also have a dedicated Innovation Lab with 7 halls covering everything from AV to Communications and a new Engineering room, hospitality area and bar with up to 100 exhibitors and new outdoor area hosting electric and green technology.

Enjoy more speakers in a more dynamic and engaging format with our 20min TedTalks style and professional speakers. More networking with four networking events with no distractions, no brokerage, and no talks on taxation.

Superyacht Technology Show & Conference is the first ever conference dedicated purely to superyacht technology, hosting inspiring global technology speakers, technology thought leaders, immersive hands-on demos, and workshops.

Speakers will be offering pure inspiring TechTalks and knowledge sharing. This will be a dedicated space for the industries tech buyers and providers to learn, share and be inspired. All attendees will have full access to both the conference and the Innovation Lab.

Our now celebrated networking pre-event cocktail meet up, daily networking lunch and gala dinner make this the super-networking event of the year.

JOIN 400+ DELEGATES, VIP'S AND EXHIBITORS FOR AN INDUSTRY SHIFTING EVENT!

BARCELONA 2022

**SUPERYACHT TECHNOLOGY
NETWORK**

“

Superyacht Technology Network is an excellent tech knowledge-sharing platform that the industry was lacking for a long time. I had an opportunity to participate in the SYTN summit at the ISE which attracted a great audience and relevant people. I believe that the SYTN platform has the recipe to accelerate the superyacht industry forward.

“

DEEP Blue has chosen to participate as VIP Sponsor for 2022 because even with all the challenges we faced last year, we believe the Superyacht Technology Network Conference was a great success. The networking opportunities were beneficial, and the speakers were very informative. We found the event had a very fresh and diverse crowd.
